This course with hands-on labs covers basic functions and capabilities of the TIBCO Data Science platform, including TIBCO Statistica and TIBCO Data Science – Team Studio software. It examines the key components of the two products for providing effective analytics solutions.

Learning Objectives

- Introduction to the TIBCO Data Science platform
- Introduction to TIBCO Statistica software
- Introduction to TIBCO Data Science – Team Studio software
- Data science implementation

Course Audience

- Analysts
- Data Scientists

Course Design

- Lecture: 50%
- Lab: 50%

Course Length

- 1 day

Delivery Options

- ILT
- eLearning

Course Prerequisites

- none
